

## Magnetic holder

|                              |                                                                |
|------------------------------|----------------------------------------------------------------|
| <b>Product-Nr.</b>           | 210200-05                                                      |
| <b>EAN:</b>                  | 4260556622354                                                  |
| <b>Model:</b>                | Accessory Lamp Holder                                          |
| Order number:                | 210200-05                                                      |
| <b>Model:</b>                | Accessory Lamp Holder                                          |
| <b>Type:</b>                 | Magnetic holder                                                |
| <b>Amount:</b>               | 1 pair                                                         |
| <b>Suitable for:</b>         | Lamp holder with Ø 5 - 7 mm mounting holes                     |
| <b>Holding force magnet:</b> | 600 N                                                          |
| <b>Material:</b>             | Material: Magnet: hard magnetic alloy; Screws: stainless steel |
| <b>Weight (net):</b>         | 150 g (~5 oz)                                                  |
| <b>Gross weight:</b>         | 200 g (~7 oz)                                                  |
| <b>Feature:</b>              | flexible mounting without drilling                             |
| <b>Note:</b>                 | Only for magnetic surfaces!                                    |
